| Tuition Matrix | Student Sequence in Family  |                             |                             |                             |                             |
|----------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|
| Rate Group     | 1 <sup>st</sup> child total | 2 <sup>nd</sup> child total | 3 <sup>rd</sup> child total | 4 <sup>th</sup> child total | 5 <sup>th</sup> child total |
| ½ day Pre-K    | \$3000                      | \$3000                      | \$3000                      | \$3000                      | \$3000                      |
| Full day Pre-K | \$4080                      | \$4080                      | \$4080                      | \$4080                      | \$4080                      |
| Kindergarten   | \$6084                      | \$4620                      | \$4140                      | \$4140                      | \$4140                      |
| Elementary     | \$7500                      | \$5904                      | \$5280                      | \$5280                      | \$5280                      |
| Middle School  | \$7836                      | \$6216                      | \$5580                      | \$5580                      | \$5580                      |
| High School    | \$7956                      | \$6336                      | \$5700                      | \$5700                      | \$5700                      |

| Plan            | Due Date                       | Families who choose the <b>1 payment plan</b> will receive a <b>\$75 credit to their account</b> . Those choosing the <b>2 payment plan</b> will receive a <b>\$50 Credit to their account</b> .<br><b>A 25.00 Fee will be charged to change any payment plan once it has been submitted.</b><br>Withdrawal fee: Pre-K: \$200; Kindergarten: \$350; Grades 1-12: \$500.<br>(Paid if withdrawal occurs after May 1 and after 30 days of commitment) |
|-----------------|--------------------------------|--|
| 1 Payment Plan  | July 1                         |  |
| 2 Payment Plan  | July 1 and February 1          |  |
| 12 Payment plan | 1 <sup>st</sup> of every month |  |

### Example:

Families with multiple children will pay the 1<sup>st</sup> student column for the first child followed by the 2<sup>nd</sup> student column according to grade level for 2<sup>nd</sup> child, followed by the 3<sup>rd</sup> child column according to grade level for the 3<sup>rd</sup> child and so forth. Below is an example of a family of three with students in High School, middle School, and elementary. Always start with your oldest child and move to your youngest child.

| Tuition Matrix | Student Sequence in Family  |                             |                             |                             |                             |
|----------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|
| Rate Group     | 1 <sup>st</sup> child total | 2 <sup>nd</sup> child total | 3 <sup>rd</sup> child total | 4 <sup>th</sup> child total | 5 <sup>th</sup> child total |
| ½ day Pre-K    | \$3000                      | \$3000                      | \$3000                      | \$3000                      | \$3000                      |
| Full day Pre-K | \$4080                      | \$4080                      | \$4080                      | \$4080                      | \$4080                      |
| Kindergarten   | \$6084                      | \$4620                      | \$4140                      | \$4140                      | \$4140                      |
| Elementary     | \$7500                      | \$5904                      | \$5280                      | \$5280                      | \$5280                      |
| Middle School  | \$7836                      | \$6216                      | \$5580                      | \$5580                      | \$5580                      |
| High School    | \$7956                      | \$6336                      | \$5700                      | \$5700                      | \$5700                      |
